## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 6 – 13, 16 and 17 are now allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 6 – 9 and 16 recite, inter alia, a semiconductor device where the die pad supporter includes a rectangular frame portion, a first portion connected between the side of the frame and the die pad and a second portion extending from the corner portion to between a pair of inner leads. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Claims 10 – 13 and 17 recite, inter alia, a semiconductor device where the first die pad supporter supports a frame portion from four directions, and the second supporter connects to the frame portion and extends along a second direction different from the direction of the first supporter. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

### ***Conclusion***

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
